October 2, 2014

The speakers and events committee welcomes opportunities to publicize events of interest to historians and invites applications for the support of upcoming events. We look forward to building intellectual community within and beyond the department.

To notify us of an event that needs publicity or to apply for sponsorship, please email April Haynes (arh@uoregon.edu). If you seek funding, please include the presenter's name, a working title, the proposed dates, a list of other sponsors, and a short statement of the event's relevance to history and historians at the University of Oregon.

The committee favors events with a direct connection to history faculty or graduate students, but we will also consider events organized in affiliated departments and programs. During academic year 2014-15, we are working with a limited budget. Although we will consider and publicize events throughout the academic year, please be aware that we can only approve requests until our funds are exhausted.

On behalf of the committee (Andrade, Haynes, Stuckey & Weise),
April Haynes
